

TULACH ARD HOUSE

WELCOME PACK

WELCOME TO TULACH ARD

We hope that you had a good journey and that you can settle into the house. This booklet should answer all your questions however if you do need to contact anyone, please phone Stella on 07717734762 or email bookings@tulach-ard.com.

Tulach Ard was restored by Alastair and Donina Stewart, Stella's grandparents in the 1960s. They lived here until 2010 which is when the house was restored by the Stewart family to what you see today. Originally the house was the manse (minister's house) for the church at the top of the drive and dates back to the early 18th Century with the extension on the front built in 1910.

The Stewart family have enjoyed family holidays here for years and they would like to share the house with you today. You will see pieces of furniture and paintings throughout the house that are from the family. They have been paired with pieces from the family company ANTA.

The house is here to be enjoyed so please do so. If there are any breakages, please let Stella know before you leave. There are a few rules that should be adhered to during your stay otherwise - let your hair down and enjoy!
